hushfree.XS

HushFree.XS is a class A acoustic pod according to the ISO 23351-1:2020 standard, with lighting intensity of 500 lux illumination at desktop level. The pod is designed for short telephone and online calls.

This pod's design is compact and straightforward, making it suitable for telephone calls and short online meetings. The pod is equipped with an ergonomically designed desk and additional side LED illumination of the user's face, which is helpful even during shorter online meetings. The pod comes standard with the hushAssistant module, a 4-inch round high-resolution touchscreen lighting and ventilation controller. Part of the hushAssistant functionality is the management and display of meeting room availability.
